F3S-N

Truck Pro

**Bidirectional
All-in-one Truck
Handheld Professional
Diagnostic Scan Tool Kit**

www.fcarusa.com

F3SN TruckPro Handheld

The F3SN is a fast and user-friendly scan tool that is powerful with a compact handheld design, featuring all-in-one coverage from domestic automotive and light truck to HD trucks and off-road equipment. All software is preloaded with diagnostic code descriptions, live data, calibration and bidirectional functionality.

Diagnostic functions:

- Scan vehicles and ECU
- Read/clear fault codes
- Display/analyze all sensors live data stream with graphing
- Actuation test

Advanced functions:

- Cylinder cutout
- Injector coding
- DPF regen & reset
- Bidirectional parameters reset and adjustment
- Oil change reset
- Maintenance light reset

Communicates with:

- ✓ CAN
- ✓ J1587
- ✓ J1708
- ✓ ISO9141
- ✓ J1939
- ✓ OBD II
- ✓ ISO15765

✓ **Compact handheld design**

✓ **Fast response. Boots and scan entire vehicle in seconds**

✓ **All-in-one coverage and more bidirectional functionalities**

✓ **Low maintenance**

✓ **Plug-N-Play**

✓ **8-inch touch screen**

✓ **Updates via SD card**

✓ **Built-in thermal printer**

✓ **User-friendly interface**

F3S-N TruckPro | Make & Model - Coverage

F3S-N TruckPro covers heavy & medium-duty OEMs (Class 1 – 8)

BODY & CHASSIS		ENGINES		TRANSMISSIONS		ABS	
• Bluebird	• Mitsubishi Fuso	• CAT	• John Deere	• Allison	• Mack	• Bendix	• Sprinter
• Ford	• Nissan UD	• Cummins	• Mack	• Detroit	• Mitsubishi Fuso	• Ford	• Wabash

• GM	• Sprinter	• Ford	• Mitsubishi Fuso	• Ford	• Volvo	• Haldex	
• Hino	• Sterling	• GM	• Nissan UD	• GM	• ZF		
• International	• Thomas Built	• Hino	• Perkins	• Hino			
• Isuzu	• Volvo	• International	• Sprinter	• Isuzu			
• Kenworth	• Western Star	• Isuzu	• Volvo				
• Mack							

INCLUDED OFF-ROAD EQUIPMENT COVERAGE

CUMMINS POWERED

- Read and clear fault codes
- Read freeze frames
- Scan and display sensor live data
- Actuation tests and calibrations (Cylinder cut off, DPF and reset functions)

CAT POWERED

- Read and clear fault codes
- Read freeze frames
- Scan and display sensor live data
- Actuation tests and calibrations (Cylinder cut off, DPF and reset functions)

DETROIT POWERED

- Read and clear fault codes
- Read freeze frames
- Scan and display sensor live data
- Actuation tests and calibrations (Cylinder cut off, DPF and reset functions)

HINO POWERED

- Read and clear fault codes
- Read freeze frames
- Scan and display sensor live data
- Actuation tests and calibrations (Cylinder cut off, DPF and reset functions)

PERKINS POWERED

- Read and clear fault codes
- Read freeze frames
- Scan and display sensor live data
- Actuation tests and calibrations

VOLVO POWERED

- Read and clear fault codes
- Read freeze frames
- Scan and display sensor live data
- Actuation tests and calibrations (Cylinder cut off, DPF and reset functions)

ISUZU POWERED

- Read and clear fault codes
- Read freeze frames
- Scan and display sensor live data
- Actuation tests and calibrations

HITACHI POWERED

- Read and clear fault codes
- Read freeze frames
- Scan and display sensor live data

NEW HOLLAND OR JOHN DEERE

- Read and clear fault codes
- Read freeze frames
- Scan and display sensor live data
- Actuation tests and calibrations (coming soon)

F3S-N TruckPro covers automotives OEMs

Bonus pack (Cover domestic passenger vehicles since 92 to recent)

America

- Buick
- Cadillac
- Chevrolet
- Chrysler
- Dodge
- Ford
- GM
- GMC
- Lincoln
- Jaguar
- Jeep
- Pontiac
- Saturn

F3S-N TruckPro | Bidirectional - Parameter Reset, Tests, and Calibration Functionalities

INCLUDED MEDIUM-DUTY/HEAVY-DUTY TESTS

CUMMINS

- Cylinder cut out
- DPF service forced regen
- Trip reset
- Aftertreatment reset
- Fuel injector reset
- Fuel injector calibration
- VGT hysteresis test
- VGT calibration and installation
- Fuel leakage test
- DEF doser pump override
- Idle shutdown timer reset
- Cruise speed limits and governor setting
- PTO settings
- Transmission setup
- Another 100 more functions available see our Cummins details page

DETROIT & MERCEDES

- Cylinder cut out (auto and manual)
 - DPF forced regen
 - SCR System - output component test
 - SCR ADS self check
 - Idle Shutdown enable/disable & time set
 - DPF ash accumulator reset
 - Road speed limits
 - Cruise control speed limits
 - PTO setup
 - Injector coding
 - Fan diagnostic
 - FIS low pressure leak test
 - Progressive shift
 - Inputs and outputs
- More functions on Detroit details page

HINO

- DPR status check
 - DPR state reset
 - DPR Forced Regeneration
 - DPR Differential Pressure Check
 - Intake Air Volume Check
 - EGR Check
 - Fuel Leak Check
 - Check Turbocharger
 - Total idle time
 - Total PTO operations time
 - Total engine operations time
 - Trip travel distance
 - Trip engine operations time
 - Trip idle time
- More functions available, see Hino page

INTERNATIONAL

- Cylinder cut out
- DPF service forced regen
- Transmission Setup
- Engine Warn Protection System
- Road Speed limiting/Cruise Control
- PTO setup
- Speedo, Tire, Axle Setup
- Progressive Shift
- Idle Shutdown Timer
- Engine Fan
- Momentary Road Speed Limiting
- Service Interval
- O2 Sensor Calibration
- Injector Quantity Adjustment
- More testing, calibration, reset function see our International functions page

CATERPILLAR

- Maintenance intervals setup
- Injector coding
- Cylinder cutoff
- Vehicle Speed Parameters setup
- Cruise Control Parameters setup
- Idle Parameters (Old PTO)
- Dedicated PTO Parameters setup
- Engine/Gear Parameters setup
- Timer Parameters setup
- Smart Idle Parameters setup
- Engine Monitoring Parameters
- Trip Parameters setup
- System Settings
- Throttle knob engine speed
- *More programming functions available

MITSUBISHI FUSO

- DPF Regeneration (Manual)
 - Cylinder Cut Out
 - ECU RESET
 - Reset Engine oil
 - Reset Fuel injector
 - Reset Pressure limiting valve in rail
 - Reset Rail pressure sensor
 - Reset Oxygen sensor
 - Reset Hot film mass air flow sensor
 - Reset Turbocharger
 - Reset BlueTech
 - Reset DPF
 - Reset Engine oil
 - Reset service interval
- More functions available, see Hino page

MACK & VOLVO

- Injector Cut Out
 - Cylinder Compression, Test
 - Learned Data Reset
 - Oil Pressure Test (During Cranking)
 - Cylinder Balancing, Test
 - Draining Water in the Fuel, Test
 - Engine Brake Function, Test
 - DPF Service Forced Regen
 - Parameter Programming
 - Engine speed/governor/torque limit reset
 - Idle shutdown timer reset
 - Injection control
- More testing, calibration, reset and programming functions available, see Volvo page for more.

ISUZU

- DPD Forced Regeneration
 - DPD Regeneration Data Reset
 - MAF calibration data service mode
 - Clear learned supply pump data
 - Reset fuel pump calibration
 - Idle speed
 - Read all injector coding
 - Write injector data
 - Compression testing
 - Idle RPM comparison
 - High voltage test
 - Accelerated testing
 - Cylinder fuel cut test
- *100 more reset, programming, testing functions available.

JOHN DEERE

- Scan engine
 - Read/clear fault codes
 - Scan and read all live data from sensors
 - DPR Forced Regen (coming soon)
 - Cylinder cut off (coming soon)
- More calibration, reset, and programming coming soon

ALLISON

- Read/Erase Fault Codes
- Read Sensor Live Data
- Solenoid Test
- Reset Adaptive Shift Parameters
- Reset Fast Adaptive
- Reset Throttle Calibration
- Lamp Tests
- Reset Auto-Detect
- Reset Auto Detect Retarder
- Reset SEM Auto-Select
- Reset Prognostics Information
- Reset Oil Life Monitor
- Reset Transmission Monitor
- Input parameters modify
- Output parameters modify

BENDIX

- Read ECU Information
- Read Fault Codes
- Erase Fault Codes
- Read Sensor Live Data
- Actuation Test
- Controller Configuration
- Rest ABS Controller
- Dyno Mode

WABCO

- Tractor ABS Diagnosis
- Hydraulic ABS Diagnosis
- Read ECU Information
- Read Fault Codes
- Erase Fault Codes
- Live Data
- Actuation Tests and Calibrations

ZF

- Read ECU Information
- Read Fault Codes
- Erase Fault Codes
- Sensors Live Data
- Actuation Tests and Calibrations

WABASH

- Read ECU Information
- Read Fault Codes
- Erase Fault Codes
- Sensors Live Data
- Actuation Tests and Calibrations

INCLUDED MEDIUM-DUTY FUNCTIONALITY & TESTS

FORD TRUCK

- Read and clear fault codes
- Read freeze frames
- Read sensor real time live data
- Display emission test results
- Enables support for OBD-II emissions fault data
- Cylinder cut out
- DPF forced regen or reset

GM TRUCK

- Cylinder cut out
- Read and clear fault codes
- Read freeze frames
- Read sensor real time live data
- Display emission test results
- Enables support for OBD-II emissions fault and data
- DPF service regen
- Power balancing

SPRINTER

- Cylinder cut out
- DPF forced regen or reset
- Read and clear fault codes
- Read sensor real time live data
- Display emission test results
- Compression test
- Injector quantity adjustment
- Mass air flow sensor initialization
- Initialize rail pressure
- Instrument cluster tests: Oil change reset, display dimmer test routine, gauge sweep test, LCD display test routine, speaker test routine.

CHRYSLER PICKUP

- Read and clear fault codes
- Read freeze frames
- Read sensor real time live data
- Display emission test results
- Enables support for OBD-II emissions fault data
- Cylinder cut out
- DPF forced regen or reset

NISSAN UD

- Cylinder cut out
- Read and clear fault codes
- Read freeze frames
- Read sensor real time live data
- Display emission test results
- Enables support for OBD-II emissions fault and data
- DPF service regen
- Power balancing

RAM TRUCK

- Cylinder cut out
- DPF forced regen or reset
- Read and clear fault codes
- Read sensor real time live data
- Display emission test results
- Compression test
- Injector quantity adjustment
- Mass air flow sensor initialization
- Tire pressure sensor test

F3SN TruckPro Screenshots

- Auto connect**
Read all systems in seconds
- Scan**
Smart scan all vehicles and electronic control units
- Diagnose**
Quickly diagnose all vehicle systems with live data

- Bidirectional Testing**
DPF regen, cylinder cut out and more
- Modify/Reset Parameter**
ECM reset, service reset, injector reset, DPF/DEF reset, modify governor speed, shutdown timers,

The comprehensive solution you need in one powerful handheld device.
